Poor old Uncle Joe is mighty quiet during these strenuous days that the Republican party is passing through, but he is still Speaker and will be heard when Congress meets.

Hearst's Independent League will have to step around livelier than it has been doing, or Hopper will not get many votes for Governor; the apathy toward Hopper indicates that Mr. Hearst is in league with the Republicans.

Some people think that the Colonel has a copyright on the ten commandments; while others think he will try and rob President Taft of a renomination for president. What Mr. Taft thinks, can be imagined.

At Beverly they think that "New Nationalism" will give the Democrats a majority of the next House of Representatives.

New York Republicans have a case of too much Roosevelt.

The strike of the railroad men in France amounts to almost a revolution as some of the railroads are owned by the Republic, and to strike may be viewed as rebellion against the sovereign state. Government ownership may have some advantages, but it certainly has its disadvantages.

Senator Root virtually owns to Republican defeat when he says: "I think we have a fighting chance."

The Republicans of the state of New York are becoming more and more demoralized as election day approaches. The chief of the "old guard," William Barnes, Jr., resigns from the state committee, ostensibly because he was not appointed on the executive committee, but really because he is opposed to Roosevelt.

Nassau Democrats have determined to give the Colonel a lively rattle in his own county. It is conceded that the Democratic ticket is a strong one, and the Roosevelt gang will have to fight hard to win, although there is a Republican majority of 3,500 in the county.

Let all Democrats Get Together.

We cannot impress too strongly upon the minds of the Democrats of the county the fact that we are to elect a Congressman in this district at the coming November election. This is a matter of very great importance, and all Democrats should take a deep interest in the matter. We believe Bourbon county can be relied upon to give its usual Democratic majority. But we should not be satisfied even with this. Let all Democrats get together, pull together and work together, and give our nominee the largest majority ever before given a candidate for Congress.

True Economy.

Economy is not economy in the spending of money, but the spending of it in such a manner as to get the best results.

Worth Thinking About.

There is one thing that those Democrats who are more or less admirers of Roosevelt should remember; that under his two administrations the expense of running the Government about doubled. We used to think a billion dollar Congress an extravagance that must be stayed; but now a two billion dollar Congress is an accomplished fact. The country cannot long stand such extravagance, and a halt must be called to such reckless legislation as the Republican party has given us. Mr. Roosevelt never tried to check waste in expending the public money. Mr. Taft is making a feeble effort in that direction, but it is safe to say that a Republican Congress will do very little to aid him. The total taxation of the people now amounts to \$20 per capita, which is about \$100 that each family has to pay every year. Just think of it.

United Democrats.

All Democrats are now united against the issue of "New Nationalism," which with tariff reform and for lower prices of necessities is the paramount issues of the campaign. All former differences of opinion have been sunk out of sight as this centralizing program has been forced to the front by Mr. Roosevelt.

William J. Bryan joins hands with Alton B. Parker, and there is now no enemies' country any more. Mr. Bryan, in the last issue of the Commonwealth, says: "Mr. Roosevelt will have a hard time convincing the people there is any merit in his advocacy of less power for the states and more for the Federal Government." After analyzing Mr. Roosevelt's platform and his utterances, he recalls the restiveness that he has ever shown when confronted by constitutional limitations, thereby disclosing the Hamiltonian bent of his mind; for Hamilton was a believer in centralization, and viewed society from an aristocratic standpoint.

"If the Executive is to be everything under New Nationalism," says Mr. Bryan, "Mr. Roosevelt wants it understood that he is to recognize himself as a steward of the public welfare. Why single out the executive? Are not all public officials stewards of the public welfare in the same sense?"

"If the word steward is intended to mean the same as the word representative, then the legislative and judicial departments should feel the same responsibility as the executive department. If, however, Mr. Roosevelt uses the word steward in a different sense, and means that while other departments of government are to be representative of the executive department is to exercise a fatherly interest and act independently of the wishes of the people, but for their good, of course, he is advancing a doctrine that is as dangerous as it is strange to our people.

"That is the doctrine of monarchies, not the doctrines of republics."

Virtue of Conqueror.

Humanity always becomes a conqueror.—Sheridan.

It's the World's Best.

No one has ever made a salve, ointment or balm to compare with Bucklen's Arnica Salve. Its the one perfect healer of cuts, corns, burns, bruises, sores, scalds, boils, ulcers, eczema, salt rheum. For sore eyes, cold sores, chapped hands or sprains, it's supreme. Infallible for piles. Only 25c at all druggists.

Free Liver Remedy

It is well to stop a physical ailment at the first signs of its approach, and that is especially true of liver trouble, which can eventually give rise to so many serious complications. Many have liver trouble and imagine it is indigestion, and hence take the wrong remedy.

When the liver does not store up sufficient gastric juices it becomes sluggish, and in this way disturbs the stomach and bowels, with which it is supposed to work in harmony. Then comes the sallow complexion, the pimply face, the dull pain in the forehead, the thinning of the blood, etc. A very quick and sensible way to stop the trouble as well as to cure it is by the use of Dr. Caldwell's Syrup Pepsin, which contains ingredients especially intended to promote the activity of the liver.

Among the many thousands who have written the doctor about the results achieved with his remedy, and who are glad to make the facts public so that others can help themselves, are Mr. Jas. Kennedy, St. Louis, Mo.; Mrs. S. A. La Rue of Smith's Grove, Ky., and many others.

These, like thousands of others, started the use of Syrup Pepsin with a sample. If you will send your name and address you can also obtain a free trial bottle. This will prove to you that liver trouble is promptly cured with this remedy or money will be refunded. Having tried it, you can then buy it in the regular way of your druggist at fifty cents and one dollar a bottle, and the latter is sufficient for an entire family.

This remedy is a vast improvement over cathartic tablets and salts, which only do good for the time being. Syrup Pepsin is permanent in its results. It is pleasant to take and does not gripe. It is especially good for all those who cannot stand a violent purgative. Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 500 Caldwell building, Monticello, Ill.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

When you favor us with your patronage, we favor you with good treatment.

A Good Example

"I am a good example," writes Mrs. R. L. Bell, of McAlester, Okla., "of what Cardui will do for suffering women."

"I suffered with my head and back, for over six years, and although I tried everything, I never could get anything to do me any good, until I began to take Cardui."

"Cardui has surely helped me and built me up and I am so thankful that I have found something that will do me good. I feel so much stronger and better than I have in a long time."

It is well to make up your mind before you are sick what medicine you will take when you are sick.

Take CARDUI

The Woman's Tonic

You will be glad to take it when you are tired, miserable and when life seems a weary grind. It will put new thoughts into your head, fresh courage into your mind.

If not sick now, at least burn Cardui on to the pages of your memory, so that when you are sick you will ask for it without thinking.

If sick or weak, get a bottle today. At all druggists.

David B. Hill Dies Suddenly.

David Bennett Hill, former United
States Senator, died suddenly Thurs-
day morning at his home near Albany,
N. Y.

He had been ill nearly three weeks
with a cold and bilious attack, but his
condition had not been considered seri-
ous. He was sitting up in bed, when
he was seized with an acute dilation
of the heart. Death quickly followed
with none but a nurse at his bedside.

Mr. Hill had long been a sufferer
from Bright's disease. Although he
retired from active participation in
politics following the presidential
election of 1904, Senator Hill was
deeply interested in the program of
the present campaign. As late as last
Friday he discussed the situation with
Judge Parker, who was then preparing
to make a tour of the state in the in-
terest of the Democratic ticket.

"The Fourth Estate" at Lexing- ton.

The Lexington Opera House an-
nounces for next Monday the most
successful play of this and last season,
"The Fourth Estate."

"The Fourth Estate" is something
new in theatrical entertainment. It
depicts newspaper life as nearly true
as it is possible to place the same be-
fore the footlights.

"The Fourth Estate" as a drama
revolves around the campaign of one
of the big New York dailies in its
effort to aid the cause of reform. It
takes the audience behind the scenes
and shows just how things are done to
bring daily the news items of the
world before its readers. The final
act of the play shows the composing
room of the newspaper during its
busiest moments. It is the hour of
"going to press," when everything is
at a high tension. Reporters, editors,
linotype operators, make-up men—all
are shown working at top speed.

Charles Waldron, as Wheeler Brand,
the managing editor, Richard Garrison
as the city editor, Joseph Woodburn,
as the night editor, are all types of
newspaper men who can be seen any
day in the offices of any of the big
dailies of the country. The composing
room force are recruited from actual
laborers in the newspaper world and
are all members of the "Big Six," the
Typographical Union of New York
City, and have seen actual service on
the New York Herald, Sun, Times,
World, and other periodicals of the
metropolis.

E. J. Ratcliff as Judge Bartlemy,
Miss Salene Johnson, as Judith, Judge
Bartlemy's daughter; George Thomp-
son, as Michael Nolan, millionaire
owner of the paper; Edward Dupuy,
as the newspaper lobbyist; Thomas
Haddaway, as Sylvester Nolan; Miss
Harriett Ross, as Mrs. Michael Nolan,
all represent types of everyday life;
they are characters cleverly drawn and
excellently played.

A large party of Parisians has al-
ready been made up who will attend
the performance.

Young Wife's Mutilated Body Found.

The mutilated body of Mrs. Mary Hackney was found in Cumminsville, a suburb of Cincinnati Wednesday. The murder had evidently been committed some time during the evening before. The instrument of death used by her brutal slayer was a large carpenter's hatchet. Her skull was fractured ten times and the woman's throat cut with a sharp knife or razor. The woman's husband, Hurley Hackney, and Herman Schwaring, a negro, are under arrest. The murder was committed within half a mile of where Lula Miller, Anna McDonald, Alma Steinway and Anna Floyd were slain, the mystery of which remains unsolved.

Tobacco Sales in Three Cities.

CINCINNATI—TUESDAY.
The auction sale of the Burley Tobacco Society's pooled crop Tuesday brought such low prices that the officials present to supervise the sale were utterly disgusted. The prices obtained ranged from 64c to 17c. At the Globe warehouse 15 hogsheads were sold at \$6.60 to \$9.13 hogsheads at \$13.25 to \$16. At the Farmers and Shippers' warehouse 15 hogsheads brought from \$5 to \$9.70, 17 hogsheads from \$10 to \$12.75 and 7 hogsheads from \$13 to \$7.25. The bidding was quiet and spiritless and there did not seem much anxiety to purchase. From the beginning the sales were a disappointment to those in charge. After completing the sales at the Globe the entire crop and adjourned to the Farmers and Shippers' where the auctioning was resumed. The lack of interest was said to be due to the fact that there are but few buying orders in the market just now. The tobacco sold yesterday came from Switzerland county, Ind.; Nicholasville, Ky., and Cynthia, Ky.

LOUISVILLE—TUESDAY.
Tuesday marked the first day's sale in the Falls City. The price realized was slightly less than 12 cents a pound. The greater part of the Burley sold at Louisville was taken in by buyers of the American Tobacco Company. Of the 1909 Burley, sales aggregating 308 hogsheads were reported. One hundred and three hogsheads of 1910 Burley were also sold, and the fact that this was thrown on the market sooner than expected is said to have accounted for disappointing prices on the pooled crop of 1909. Expectations are that at least 40,000,000 pounds of the 1909 Burley pool will be sold on the Louisville auction breaks.

LEXINGTON—TUESDAY.
The first day's sale in Lexington was held at four warehouses. A total of 256,000 pounds was offered and prices ranged from \$4.40 to \$19 a hundred, with the average at about 8 cents. There was considerable low grade stuff and very little of the colored grades on the market. Many farmers sent their tobacco to market in an unfit condition and the buyers were slow about taking those at any prices.

CINCINNATI—WEDNESDAY.
The second day's selling of the Burley Tobacco Society's pooled crop resulted in better prices and more lively competition among the bidders. It also marked the first purchase by the American Tobacco Company, W. D. Spalding, representing the American, purchased one hogshead at \$18. The sale was marked by livelier and faster bidding than was in order on the opening day and many times the bidders became highly excited and called off their bids in fast and furious order. The tobacco offered brought fairly good prices and showed signs of booming later in the week when the higher grade of tobacco is placed on sale.

LOUISVILLE—WEDNESDAY.
A total of 125 hogsheads were offered on the Louisville market, and prices realized on the whole appeared to show improvement over the sales of Tuesday but they remained far from the liking of the Burley Society. The tobacco sold came from Scott, Franklin, Mercer and Shelby counties and was distributed among a number of warehouses. The finer grades of bright tobacco were the best sellers and these were generally about 1 cent higher than on Tuesday. Common and medium red leaf showed no change, while low grades were inclined to be easier. Low grades, however, were commoner than the day before, which in a measure accounted for the easier tone of the market. The highest price realized was \$18.25, while the average was somewhere between \$11 and \$12. Receipts of the pooled tobacco are increasing and prospects are for a larger offering tomorrow.

New 1910 burley was in more liberal supply, 221 hogsheads being offered. It was very poor in quality; in fact the poorest offered on the breaks since the season opened.

The American Tobacco Company took a good share of the old Burley offered and a good percentage of the better class of new tobacco.

LEXINGTON—WEDNESDAY.
The additional bidders on the floor bidding was spirited in the second day's sale at Lexington, Wednesday. The crop of Mr. H. S. Halley of Fayette, brought the highest prices. The crop ranged in price from 6 to 20 cents, the average for the entire crop of more than five thousand pounds being \$15.75 per hundred.

Only three houses had sales. The Fayette Warehouse sold 48,000 pounds, ranging in price from 5 to 20 cents with an average of \$9.84 per hundred; the Growers' Warehouse disposed of 17,000 pounds at an average of 10 cents, the prices running from 6 to 17 cents and the Lexington Warehouse sold about 50,000 pounds, the highest price being 17 cents and the lowest 6, with an average of 11 cents.

Wife Cleared of Murder Charge.

In the Fleming Circuit Court at Flemingsburg, Mrs. Bessie Smoot was acquitted of the charge of murdering her husband. She shot him to death in the depot at Flemingsburg a couple of years ago. Jealousy was the alleged cause then. She later pleaded self-defense.

Elder Morgan's Last Lecture.

The last of Elder Morgan's great travel lectures will be given Friday evening, October 28 at eight o'clock at the public school auditorium. The one hundred pictures which he will show are taken from different parts of the Alps and the historic mountains and places near to and around them.

To the student of history or biology nothing will be more interesting. The great monuments in empire building and events that gave direction to the life of the race, many of them took place on this most historical spot.

Surely this lecture will be well worth hearing and the pictures worth the seeing. Besides all this Brother Morgan is always interesting and we assure you that he will make one of his greatest efforts on this, the last of the series here. The doors will open at 7:30 and the High School Band will render good music during the assembling of the audience.

The few remaining seats on the first floor will be sold at 35 cents, balcony 25 cents and children under twelve years of age the balcony 10 cents. Let everybody come and give Brother Morgan the hearing he deserves.

Good News.

The ladies will all be glad to know that Miss Holladay's home made candies are now on sale at Bruce Holladay's. 25 tf

Bacon Advances in Chicago.

A dispatch from Chicago says: "In the face of a steady decline in the price of hogs and the corn on which they are fed, Chicagoans who desired to eat bacon Tuesday discovered that they were compelled to pay the highest price ever obtained for the salt meats in times of peace, 35 cents a pound sliced. For a number of mysterious reason that are still unexplained the force that usually resulted in hammering the price of bacon down seemed to have an opposite effect upon the food. Since 1900 bacon has advanced from 11 cents to 35 cents a pound."

Thrown Back on His Hands.

The Carlisle Advocate says: "A party living on the borders of this county and Bourbon, for some time past was very active in buying tobacco for a Cincinnati warehouse company. He succeeded in buying up several thousand pounds in this and Bourbon county at prices ranging from 12 to 15 cents. All was well until the 1910 pool was declared off, and then this party buying the tobacco claims that the Cincinnati concern dumped all the contracts back on his hands. Thus he was forced to go back on the people who had sold to him. It is claimed he is in Cincinnati this week trying to effect a deal by which all the tobacco he had bought up will be yet received and paid for as per contract."

Three Attempts to Wreck Car.

Three attempts were made Monday afternoon by George Clinton Douglas, a small boy of Scott county, who was visiting near Station No. 37 on the Paris-Lexington traction line to wreck an interurban car. To satisfy his desire to see a car jump the track the boy had driven a railroad spike between the rail joints. The car was in charge of Motorman Garret Reynolds and Conductor George Cook. A passenger got off at Station 37 and when the car started Motorman Reynolds noticed a sudden lurching of the front trucks while those in the rear seemed to strike some object in a noticeable way as they passed over.

The run was continued to Paris and Reynolds decided to investigate on the return trip. When he got to the place he found a railroad spike bent over the rails. Had the car not stopped on the trip to Paris it would have been going at a good rate of speed and no doubt would have jumped the track. Further investigation revealed the fact that a new spike had been driven between the rails about forty yards away, evidently to catch the car on the return trip.

At the switch Reynolds informed Motorman Davis and Conductor Elsey of car 106 of the narrow escape and told them to be on the lookout. Motorman Davis ran his car slowly at this point and he saw sticking up plainly between the rail joints a big spike.

The matter was reported to the road officials who placed a detective on the case who visited the scene of the attempted wreck and made an investigation. Suspicion pointed to the Douglas boy and when brought before the officer he broke down and confessed his guilt. The officer returned to Lexington where he reported the result of his investigation and a warrant was sworn out by the road officials for the arrest of the boy.

K. P. A. to Meet in Louisville.

At a meeting of the Executive Committee of the Kentucky Press Association held in Lexington Friday, Louisville was selected as the meeting place for the mid winter convention of the association, and December 28 as the date.

The meeting was presided over by Chairman Ed D. Shinnick of the Shelbyville Record, and all the members of the association were present either in person or by proxy.

The mid winter meeting will be held at the same time that the Good Roads Convention in Louisville convenes, and the editors decided that for the two to meet in the same city at the same time would be a good thing.

As a program and arrangement committee the following members were selected: K. W. Brown, Louisville Times, chairman; Harry A. Sommers, Elizabethtown News, E. M. Duncans, Mayfield Messenger, and T. Sander, Orr, Harrodsburg Republican. Mr. A. D. Miller of the Richmond Climax, and S. M. Sauffey president and secretary respectively of the Kentucky Press Association will co-operate with the committee to make the occasion a big success.

As a result of a free-for-all fight which took place at a negro festival at Little Rock, this county, five negroes were lodged in the Paris jail by Deputy Sheriff J. O. Marshall, assisted by Amos McKenzie.

The warrants were sworn out by Justice of the Peace W. H. Squires. During the melee in which knives and pistols were drawn, several shots were fired. The negroes arrested were Scott Doyle, who is declared to have been the ringleader in the trouble and who has the charge of carrying concealed weapons and of firing a weapon upon a public highway placed against him; Herman Menifee, Avery Trumbo, Bess Bonts and Arthur Chenault. The trial of the negroes has been set for this morning at ten o'clock in the county court.

Writes From London.

Mr. W. W. Mitchell, who with his wife is making a tour of Europe, writes from London that they are in that city with little hopes of getting away owing to the fact that there is a general strike on the railroads in France and everyone is refused transportation in that direction out of London. Since his letter was received we note the strike in France has been raised and it is likely Mr. Mitchell and wife are now in that country. He states that Mrs. Mitchell is much improved in health and both are enjoying their trip very much.

LATER.—A letter received yesterday by Paris friends state that Mr. and Mrs. Mitchell would arrive in New York Sunday.

In any calling of life demands a vigorous body and a keen brain. Without health there is no success. But Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of stomach, liver, kidneys, bowels, purifies and enriches the blood, tones and invigorates the whole system and enables you to stand the wear and tear of your daily work. "After months of suffering from kidney trouble," writes W. M. Sherman of Cushing, Me., "three bottles of Electric Bitters made me feel like a new man." 50c. at all druggists.

Forced to Leave Home.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. A. Nelson of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. Its surely the King of all cough and lung cures." Thousands owe their lives and health to it. Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that can't be cured by Hall's Catarrh Cure. Send for circulars free.

The Woman's Home Companion for November.

At this exact moment houses are being renovated, wardrobes being replenished, and Christmas, in a measure, anticipated. Add to this bit the great holiday of Thanksgiving, now almost upon us, and we realize that there is need of counsel and suggestion. The November Woman's Home Companion seems to take all these points into more than careful consideration, and presents to the public a remarkable magazine, which besides being rich in itself gives a most vivid promise of what the Christmas issue will be.

Among the stories we find then, beginning of "The Admiral's Niece," an absolutely charming novelette by Kate Douglas Wiggin, Mary and Jane Findlater and Allan McAuley. "True Love," a serial story of the stage, reaches a point of greatest interest in this issue. "Buried Gold," by Richard Washburn Child, is a distinct departure from the ordinary short story and "Squiggle's Turkey," by Ralph H. Graves, is the sort of Thanksgiving story Dickens might have written had he been an American. Besides these there are many other excellent stories.

Among the attractions for children in this issue of the Companion are "The Adventures for Jack and Betty," by George Alfred Williams and Clara Andrews Williams, an entirely new cut-out feature in color, better than paper dolls, more exciting than a story; and for these same young readers Rose O'Neill has provided a new page of "Kewpies."

Anna Steers Richardson continues her remarkable articles about Sufferage, and Christine Terhune Herrick contributes a timely and beautiful article called "What Shall Children Read?" The big department of Home Decoration and Handicraft leaves nothing to be desired, and Miss Gould's Fashions and Fashion Talk will be used by every woman who wishes to be well dressed this autumn.

STOCK, CROP AND FARM NOTES.

—Mr. Walter Clarke, of the firm of Clark & McClintock, sold to C. L. Railey of Lexington, a walk, trot and canter New York saddle horse for \$400.

—All the tobacco in Mason county has been housed, the last few crops being placed in barns last week. Much of it has been sold already, buyers are moving over the country as fast as they can travel, and are offering from 10 to 12 cents for the 1910 crop. About 250,000 pounds have been bought to be delivered to the loose leaf warehouses in Maysville when in condition, and these houses are expecting a larger business this year, as they are enlarging their warehouses in order to accommodate the increased offerings. The American Tobacco Company in that city is receiving a large amount of Equity tobacco of the 1909 crop that was stored at all of the warehouses.

Complainers.
What is odious but noise, and people who scream and bewail! People whose vane points always east, who live to dine, who send for the doctor, who coddle themselves, who toast their feet on the register, who intrigue to secure a padded chair and a corner out of the draught. Suffer them once to begin the enumeration of their infirmities, and the sun will go down on the unfinished tale.—Emerson.

Suit Filed to Prevent Road Merger.

In behalf of the city of Paris and a number of wholesale commission firms, Attorney C. A. McMillan filed suit in the Bourbon Circuit Court Wednesday against the Louisville and Nashville and the Frankfort and Cincinnati railroads, to prevent the merger of the latter by the former.

The suit is similar to that filed in the Franklin Circuit Court recently by Attorney General James Breathitt. Under the original charter granted by the Legislature in 1888 the road was known as the Kentucky Midland and section 5 of the act, the petition relates, says the company shall have no power to purchase the corporate franchises or rights of another road, or to sell its corporate rights or franchises. The road was built and operated as a competing line to the L. & N. The loss sustained in operation was great and in a few years it was sold, the new owners calling it the Frankfort and Cincinnati railroad. Soon after arrangements were made to run the train into the freight and passenger depots of the L. & N. Later the road was purchased by the Louisville and Nashville, and was set forth in the petition, a deed conveying the road to the L. & N. was made and lodged in the office of the Bourbon County Clerk.

The petition alleges that the road is both a parallel and competing road with the Louisville & Nashville railroad, and that if absorbed by the latter, Paris as well as Frankfort will have no competing lines and the merchants will suffer as a result of higher rates.

Further it charges that the citizens of Paris contributed the sum of \$50,000 to the construction of the road, that Franklin county gave the sum of \$100,000, citizens of Franklin county and of Frankfort personal subscriptions aggregating \$70,000, that the city of Frankfort gave the sum of \$50,000 and that Scott county contributed \$100,000, all of which was given with the express understanding that the road was to be and forever remain a competing line.

The petition alleges that the road is not only a competing line with the Louisville & Nashville railroad, as far as shipments to and from Cincinnati and Louisville are concerned, but that it is a competing line with all points South, as it connects with the Cincinnati, New Orleans & Texas Pacific railroad at Georgetown.

The petition asks the court to set aside the deed of conveyance and to enjoin the defendants from entering into any purchase or sale of the road. The city of Paris has employed E. C. Talbott of the law firm of Talbott & Whitley, to assist in the prosecution of the suit.

THEATRICAL.

"THE HOUSE OF A THOUSAND CANDLES."

Three hours of mystery intermingled with many laughs and with real enjoyment in the peculiar mixture offered by "The House of a Thousand Candles" that will be the attraction at the Paris Grand on Thursday, November 3.

Just as "The Old Homestead" has the rural atmosphere, "The Lion and the Mouse" the financial atmosphere, as "The Man of the Hour" is based on politics so "The House of a Thousand Candles" has its own original air of the weird and the unusual. This can best be described by its synopsis which runs as follows: Act I—At the gate; the first apparition of old Glenarm; the mysterious shot. Act 2—Room in the house of a thousand candles; the unknown and unlooked for; the declaration of Bates. Act 3—The door of bewilderment; the attack on the mysterious house; the ghost of old Glenarm. Act 4—The gate again; the joke that was on Pickering.

will take more than the ordinary amount of interest in the coming presentation of "The House of a Thousand Candles." It is one of the great successes of the past two seasons and will be presented by a company that has been selected with special care and that is said to be fully capable of presenting the weird and unusual happenings of the story in a particularly fascinating manner.

Prices are from 25c to \$1. Seats on sale at Mitchell & Blakemore's Monday morning.

DON'T BLAME the YOUNGSTER

for yielding to the temptation of our ice cream. Once you get a taste of the cream yourself you'll see how hard it is to resist its mouth watering allurements. Order a can sent home for desert to-day. We'll pack it so it will keep hard till needed. But don't let the children see it before and it isn't fair to tempt them so irresistibly.
